Subject: Inspection bungalow at Dhupdal.

....

The work of constructing Ghataprabha Left Bank Canal, costing Rs.5.5 crores, taken up as a measure of Grow More Food campaign is in full swing. This work is frequently visited by the Honourable Ministers and other high officers and they are required to halt at Dhupdal Inspection Bungalow which is the only place suitable for their camp. The bungalow in question was constructed in the year 188 and falls short of certain essential requirements such a bath and dressing rooms, to suit modern requirements. additions and alterations are very necessary. These additions and alterations are required mainly for the visitors and inspecting offic rs in connection with th inspection of the Major work and as such will be corr chargeable to 68-Construction etc. under which head f are allotted for the canal construction.

2. In the circumstances, I would request that sanc may please be accorded to debit the cost of additions a ters tions to 68-Construction etc. for the reasons expla works above instead of debiting the cost to XVII-I.N.E.& sed. under which the Inspection Bungalow is at present
